

Proxy Registration Manual

2025.5.21

Proxy Registration

Children who are under 16 years old at the time of ExpoID registration cannot register for an ExpoID by themselves. You will need to have someone who is already 16 years old or older to register on your behalf.

How to Register for Children Under 16

Proxy registrants need to set up the proxy recipient's information, ExpoID and password via the ExpoID menu. Once the registered ExpoID and password have been shared with the proxy recipient, the recipient will be able to log in using the ExpoID.

What is an ExpoID?

Enter Registered Information

Please fill out the following fields. Fields marked "Required" must be filled in.

Do not use any letters in your ExpoID which can be used to identify you personally.

ExpoID Required

Please register your ExpoID

Use any combination of the following to make your ExpoID between 8 to 20 characters: half-width alphanumeric characters (lowercase), numbers, and symbols (-, _, @).

Password Required

Please register your password

Password Safety Level

Use at least three of the following to make a password between 10 to 20 characters: half-width alphanumeric characters (lowercase), half-width alphanumeric characters (uppercase), numbers, and symbols.

Confirm Registered Information

The following information will be registered.

ExpoID
kfp2-1032

Password

Edit

Proxy Registration Complete

Your proxy registration has been completed. A proxy registration confirmation email has been sent to both your email address and the proxy's email address.

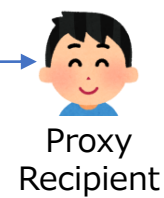

If you do not receive an email after a period of time passes, then there is a possibility that the entered email address was incorrect. Please re-register your email address.

How to Register for Children Under 16

The proxy recipient can log in to the ExpoID without requiring an identity verification method, but some functions are restricted for security reasons. In addition, for those under 16, functions such as updating their own profile are not available, so the proxy registrant must make these changes via the proxy registration menu.
